

PRINTS IN METAL:

All hand, foot or thumbprints are etched into metal.

Etching is the art of engraving metal with an acid. The plate to be etched is covered with a resist (made from your image), and then submerged into an acid bath to permanently etch the image into the metal.

The completed etched piece will then have two heights.

This process not only allows you to 'see' the print, but also to 'feel' the print. Thus; Prints in Metal!

NEW AT MAGIC DOG STUDIO:

FOOTPRINT EARRINGS

Two feet...two ears. Two feet...two cuffs. Not just for wall pieces and pendants anymore, now you can wear your favorite tiny feet & hands as earrings or cufflinks.

CHILD ARTWORK CHARMS

For those who would like to add to their charm bracelet; Magic Dog Studio is now offering the 'Off the Fridge & Out of the Drawer' series in a charm.

PAW PRINTS

Don't leave your pets out in the cold! Magic Dog Studio can also make a wall piece, pendant, key chain or tag of the family pets' paw print!

MAGIC DOG STUDIO

MAGIC DOG STUDIO

From 'etching a moment in time' of a thumbprint, handprint or footprint,
to fabricating a family necklace based on your child's artwork...

Magic Dog Studio enables you
To celebrate your self...
your children...your life.

ABOUT:

I have always celebrated my children, and their individualities. One of the most precious times in their life was when they were infants and toddlers. To capture those 'moments in time', I have created wall pieces with their small hands or feet etched into metal; charms that contain a thumbprint or reduced image of their hand/foot print; as well as, a whimsical family necklace that reproduced my daughter's image of family into a cherished piece of jewelry.

I truly hope you enjoy your custom jewelry or wall piece as much as I enjoy mine!

THUMBPRINTS:

Magic Dog Studio recognizes the beauty and unique mark each individual carries with them. With our Thumb & Finger Print Charms, Magic Dog allows you to hold a loved one close to your heart.

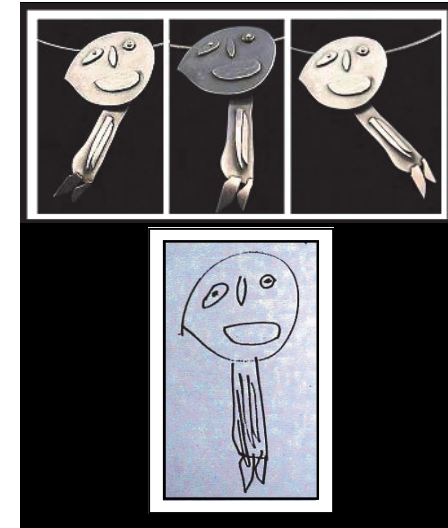

HAND & FOOT PRINTS:

Magic Dog Studio believes in the spirit of the child, and the desire to keep that spirit alive. Our Hand & Foot Print Wall Pieces and Pendants allow parents and loved ones to hold onto a fleeting moment in time.

OFF THE FRIDGE:

Off the Fridge & Out of the Drawer transforms a child's original artwork into a custom piece of jewelry that will be cherished for years to come. Celebrate the creativity of your children, grandchildren or even yourself!
